

## Customer Speaks

### Buying Experience

Deutsche bank team tries to understand your needs before they suggest any insurance solution. The team follows a structured approach by understanding clients present investments, identify the gap if any and suggested insurance solutions that will help in bridging the gap. The buying process right from filling up the application form, undergoing medicals and receiving the final policy document backed with a welcome call is an experience worth recommending.

**I trust Deutsche Bank for my insurance needs!**

A handwritten signature in white ink that reads "Alpha".
